FEDERAL GOVERNMENT EMPLOYMENT

JANUARY, 1956

Memorandum

Published by Authority of
The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS

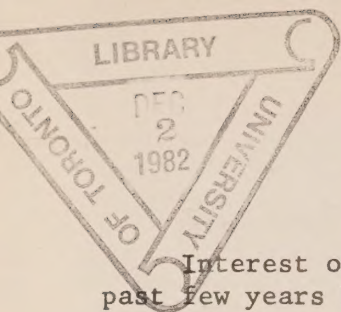

Public Finance and Transportation Division

Government Employment and Payroll Section

Price \$1.00 per year

EDMOND CLOUTIER, C.M.G., O.A., D.S.P., Queen's Printer and Controller of Stationery, Ottawa, 1956.

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

-
- (1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.
-

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

FEDERAL GOVERNMENT EMPLOYMENT

FEBRUARY, 1956

Memorandum

Published by Authority of

The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS

Public Finance and Transportation Division

Government Employment and Payroll Section

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

(1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

ERRATA

In the February issue, numbers of Prevailing Rate for the Army, line 75, were reported to be 7,307. This should have been 6,414, or 893 less than reported.

FEDERAL GOVERNMENT EMPLOYMENT

MARCH, 1956

Memorandum

Published by Authority of
The Right Honourable C. D. Howe, Minister of Trade and Commerce

DOMINION BUREAU OF STATISTICS
Public Finance and Transportation Division
Government Employment and Payroll Section

EXPLANATORY NOTE

Interest on the part of non-government and government agencies alike over the past few years has resulted in suggestions for improvement in the form of presentation of the employment statistics in this publication. The resultant new form of presentation is designed to facilitate direct comparisons between these strength reports and other published staff statistics (namely, the establishment data published in the Estimates of Canada) as well as to serve certain internal administrative needs.

Minor adjustments in scope between Tables 1 and 2 have been effected with the result that Table 1 now includes Departments and Departmental Corporations, as classified in Schedules A and B of the Financial Administration Act, whereas Table 2 includes the Agency and Proprietary Corporations set out in Schedules C and D of that Act. Since Schedules A and B of the Financial Administration Act cover departmental-type services for which details of staff estimates are contained in the Estimates of Canada, in most cases, the figures in Table 1 will be more comparable (1) than they have been previously with the numbers of positions provided for in printed Estimates. Similarly, Tables 3 and 4 (which contain details of the summary figures set out in Table 1) will be directly comparable in most cases with the Estimates. It is understood that staff details of the additional services now excluded will be included in the Estimates for 1956-57 which will result in complete comparability between these two publications effective April 1, 1956.

Within Table 1 and Table 3 totals will now be struck which exclude numbers of "Casuals and Others". These totals will be directly comparable (1) with the related establishment details printed in annual Estimates.

Tables 1 and 2 will continue to provide a complete report of staff strength for both the administrative services of the Federal Government, and for Agency and Proprietary Corporations.

(1) Tables 1 and 3 give strengths for some services for which comparable details are not yet printed in Estimates. These exceptions are footnoted in Table 3.

Statistics presented in Tables 1, 3 and 4 are obtained through the offices of Treasury Board. Those dealt with in Table 2, other than for exceptions noted by footnote (1) are obtained from the Employment Statistics Section of the Dominion Bureau of Statistics. A fuller explanation of these statistics may be had by reference to the Explanatory Memorandum which is published separately.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board	Income Tax Appeal Board
Air Transport Board	International Boundary Commission
Board of Grain Commissioners	International Joint Commission
Board of Transport Commissioners	National Gallery of Canada
Canadian Government Elevators	Newfoundland Fish Board
Canadian Maritime Commission	Penitentiaries, Office of the Commissioner
Canadian Pension Commission	Soldier Settlement and Veterans' Land Act
Civil Service Commission	Tariff Board
Dominion Coal Board	Unemployment Insurance Commission
Fisheries Prices Support Board	War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board	National Film Board
Defence Research Board	National Research Council
Fisheries Research Board	Royal Canadian Mounted Police
Teachers - Day and Residential	Royal Commission on Canada's Economic Prospects
Schools - Indian Affairs Branch -	Royal Commission on Television and
Citizenship and Immigration	Radio Broadcasting
Legislation	
Senate	
House of Commons	
Library of Parliament	

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid out to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuing salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenals, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunica-

Polymer Corporation, Ltd.
Prince Edward Island Car Ferry
St. Lawrence Seaway Authority
Trans-Canada Air Lines

- (1) Name changed from Northwest Territories Power Commission effective August 14, 1956.

Statistics of a similar nature are received by special report from the following:

Canadian Farm Loan Board
Canadian Patents and Development, Ltd.
International Pacific Salmon Fisheries
Commission

International Fisheries Commission
(North Pacific Halibut Fisheries)
National Battlefields Commission (1)
Office of the Custodian

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid but to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuous salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenal, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunica-
tion Corp.
Canadian Wheat Board
Central Mortgage and Housing Corp.
Crown Assets Disposal Corp.
Defence Construction, Ltd.

Eldorado Mining and Refining, Ltd.
Export Credits Insurance Corp.
Federal District Commission
Hudson Bay Railway
Industrial Development Bank
National Harbours Board
Northern Canada Power Commission (1)
Northern Transportation Co. (1947) Ltd.
Polymer Corporation, Ltd.
Prince Edward Island Car Ferry
St. Lawrence Seaway Authority
Trans-Canada Air Lines

(1) Name changed from Northwest Territories Power
Commission effective August 14, 1956.

Statistics of a similar nature are received by special report from the following:

Canadian Farm Loan Board
Canadian Patents and Development, Ltd.
International Pacific Salmon Fisheries
Commission

International Fisheries Commission
(North Pacific Halibut Fisheries)
National Battlefields Commission (1)
Office of the Custodian

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid but to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuous salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenal, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunica-

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid out to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuing salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenal, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunica-

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid but to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuing salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenal, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunica-

Northern Canada Power Commission (1)
Northern Transportation Co. (1947) Ltd.
Polymer Corporation, Ltd.
Prince Edward Island Car Ferry
St. Lawrence Seaway Authority
Trans-Canada Air Lines

- (1) Name changed from Northwest Territories Power Commission effective August 14, 1956.

Statistics of a similar nature are received by special report from the following:

Canadian Farm Loan Board
Canadian Patents and Development, Ltd.
International Pacific Salmon Fisheries
Commission

International Fisheries Commission
(North Pacific Halibut Fisheries)
National Battlefields Commission (1)
Office of the Custodian

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid out to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuing salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenal, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunication Corp.
Canadian Wheat Board

Polymer Corporation, Ltd.
Prince Edward Island Car Ferry
St. Lawrence Seaway Authority
Trans-Canada Air Lines

(1) Name changed from Northwest Territories Power Commission effective August 14, 1956.

Statistics of a similar nature are received by special report from the following:

Canadian Farm Loan Board
Canadian Patents and Development, Ltd.
International Pacific Salmon Fisheries Commission

International Fisheries Commission

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 5) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid out to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuous salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenals, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunica-

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Sénate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Rôyal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid out to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuing salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenals, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic Prospects
Royal Commission on Television and Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships Officers and Ships Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid out to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuous salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenals, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunica-

Polymer Corporation, Ltd.
Prince Edward Island Car Ferry
St. Lawrence Seaway Authority
Trans-Canada Air Lines

(1) Name changed from Northwest Territories Power
Commission effective August 14, 1956.

Statistics of a similar nature are received by special report from the following:

Canadian Farm Loan Board
Canadian Patents and Development, Ltd.
International Pacific Salmon Fisheries
Commission

International Fisheries Commission
(North Pacific Halibut Fisheries)
National Battlefields Commission (1)
Office of the Custodian

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.

Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.

Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.

Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.

Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid but to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuing salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenal, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid out to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuous salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenal, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953, it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940, to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established as shown in the Estimates of Canada.

Table 1 includes statistics relating to Departments and Departmental Corporations as listed in Schedules A and B of the Financial Administration Act, and in addition, the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). Table 2 includes the Agency and Proprietary Corporations etc. set out in Schedules C and D of the Financial Administration Act, and as listed in a later part of this text. Tables 3 and 4 (summarized in Table 1) are based on an administrative classification which may be directly compared in most cases, with the Estimates of Canada for 1956-57. In these tables the totals which are shown exclude "casuals and others".

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services, are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

DEPARTMENTS AND DEPARTMENTAL CORPORATIONS (Tables 1, 3 and 4)

CLASSIFIED POSITIONS

The Dominion Bureau of Statistics maintains individual position records on an establishment basis for what are called "classified positions" in the various departments and branches of government, the employees of which come within the general purview of Treasury Board Regulation and Control. A tabulation from these records provides a count of the number of employees and their salary rate. Because of an inevitable timelag in the routing of position and personnel changes through

normal Civil Service channels and the posting of these changes on Bureau of Statistics records, it is not always possible to include all of the changes for the previous month. The count of employees for any given month, therefore, will not necessarily represent exactly the number of staff actually on strength at the end of the month. The earnings given for employees in the classified positions, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors, however, are not considered to be of such significance as to seriously affect the usefulness of the statistics.

Permanent, temporary and term employees are all included in the classified category and no attempt is made to prepare separate statistics on each. In addition to the records maintained for classified positions individual position records are also maintained for the following boards, commissions and agencies:

Agricultural Prices Support Board
Air Transport Board
Board of Grain Commissioners
Board of Transport Commissioners
Canadian Government Elevators
Canadian Maritime Commission
Canadian Pension Commission
Civil Service Commission
Dominion Coal Board
Fisheries Prices Support Board

Income Tax Appeal Board
International Boundary Commission
International Joint Commission
National Gallery of Canada
Newfoundland Fish Board
Penitentiaries, Office of the Commissioner
Soldier Settlement and Veterans' Land Act
Tariff Board
Unemployment Insurance Commission
War Veterans' Allowance Board

Individual position records are not maintained in the Bureau for the following, and statistical data are secured by a special form of report:

Atomic Energy Control Board
Defence Research Board
Fisheries Research Board
Teachers - Day and Residential
Schools - Indian Affairs Branch -
Citizenship and Immigration
Legislation
Senate
House of Commons
Library of Parliament

National Film Board
National Research Council
Royal Canadian Mounted Police
Royal Commission on Canada's Economic
Prospects
Royal Commission on Television and
Radio Broadcasting

EXEMPT CLASSES

Prevailing Rates, Ships' Officers and Ships' Crews, and Casuals and Others are not maintained on individual position records as is the case in connection with classified positions. The Bureau of Statistics obtains data on these staffs by means of special reports taken from payroll records. Since these reports are prepared on the basis of pay periods they may be said to represent the actual amounts paid but to employees during each month.

AGENCY AND PROPRIETARY CORPORATIONS AND OTHER

QUASI-INDEPENDENT GOVERNMENT BODIES (Table 2)

Statistics for this group do not provide for any segregation between what are termed classified and exempt employees. Accordingly, these data include what might be termed to be continuing salaried employees as well as prevailing rate and casual employees. The information shown on table 2 is obtained in two ways. The Employment Statistics Section of the Bureau of Statistics provide information with respect to the following:

Atomic Energy of Canada, Ltd.
Bank of Canada
Canadian Arsenals, Ltd.
Canadian Broadcasting Corp.
Canadian Commercial Corp.
Canadian National Railways
Canadian National (West Indies)
Steamships, Ltd.
Canadian Overseas Telecommunica-

Polymer Corporation, Ltd.
Prince Edward Island Car Ferry
St. Lawrence Seaway Authority
Trans-Canada Air Lines

(1) Name changed from Northwest Territories Power
Commission effective August 14, 1956.

Statistics of a similar nature are received by special report from the following:

Canadian Farm Loan Board
Canadian Patents and Development, Ltd.
International Pacific Salmon Fisheries
Commission

International Fisheries Commission
(North Pacific Halibut Fisheries)
National Battlefields Commission (1)
Office of the Custodian

COMPARABILITY WITH FORMER SURVEY

The old statistical series on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct difference in the interpretation by various departments of what constituted "non-enumerated" classes there was a difference in the coverage of employees included in the annual series. Since the monthly series includes groups of employees not formerly included as well as various government services not formerly covered the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.
2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

April, 1957

PART A

Table 1 - Agency and Proprietary Corporations and Other Quasi-Independent Government Bodies

Employment reported below represents the aggregate of numbers employed and salaries and wages paid for, the months indicated, by agency and proprietary corporations and other quasi-independent government bodies. A list of these is shown on page 23 of this report. The data presented in table 1 are in addition to the administrative services of government which are presented in Part B of this report. The International Pacific Salmon Fisheries Commission and the International Pacific Halibut Commission have been deleted since they, as the employing agencies, acted as international bodies. The Northern Ontario Pipe Line Crown Corporation has been included for the first time beginning with this report.

DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

An explanation of how the statistics of this group of government organizations are collected and maintained is given on pages 24 and 25 of this report. The tabular presentation of the detail summarized in table 2 is made in two principal forms, these being according to a classification by function and an administrative classification. The classification by function is explained below. The administrative classification is based upon the departmental

establishment as presented in the official Estimates thus permitting the analyst to follow the growth and changes in employment of each department. This process, of course, must always take into consideration changes in departmental organization which occur from time to time.

CLASSIFICATION BY FUNCTION

The statistics of departmental branches, services and corporations are classified in tables 3 and 4 by function. This is the first month in which this presentation of federal government employment statistics has been made. The purpose of providing a classification by function is to supply a means of studying the operations of governments without the complication which results from differences in administrative establishment which occur from time to time in each government and between governments. This analysis is useful in three ways. First it permits a detailed study of employment by the Government of Canada according to the main purposes or functions. Since these functions are not subject to periodic changes which alter the administrative structure of the government it is possible to develop a statistical series which, with minor exceptions, is consistent over an extended period of time. Second, since differences in administrative establishment are eliminated it is possible to make meaningful comparisons between federal government expenditures on employment and similar expenditures by other levels of government. Third, an analysis of the relationship between expenditures on employment and total expenditures can be made with regard to each function. The use of percentages will facilitate comparisons especially between levels of government.

The classification by function reflects the purpose served by the expenditure, and employment statistics presented on this basis have been classified in accordance with concepts evolved by the Public Finance Section of the Dominion Bureau of Statistics for the presentation of financial statistics. The following listing shows how the administrative detail has been applied to the various functions and will serve to indicate clearly the meaning of each function.

Notes

In the three cases listed below employees perform services which apply to more than one function. Since it is not possible to make a split by activities the staff and earnings have been assigned to the function which represented the greatest portion of employment. The other functions performed are indicated below:

- (1) The Veterans' Business and Professional Loans Act - also applicable to function "Veterans' Pensions and Other Benefits"
 - (2) Northwest Territories and Other Field Services of Northern Administration and Lands Branch - also applicable to function "Social Welfare" and function "Education"
 - (3) Immigration Medical Services - also applicable to function "Health"

CHANGES FROM PREVIOUS REPORTS

Commencing with April, 1957, a change in the method of collection of data for this report was implemented and the accompanying review of the series showed that in a number of cases, gaps existed. Steps were taken to obtain information covering staffs which had not previously been reported. Reports of the type indicated were submitted for the first time in April and covered 422 employees who had earnings of \$82,442 during that month.

<u>Department and Branch</u>	<u>Nature of Employment Reported</u>
1. Citizenship and Immigration - National Gallery of Canada	casual
2. Civil Service Commission	casual
3. Finance - Comptroller of the Treasury (Treasury Offices for Unemployment Insurance Commission and National Health and Welfare)	casual
4. Finance - International and Economic Affairs	salaried
5. Finance - Superannuation Branch	casual
6. Finance - Royal Commission on Newfoundland	salaried
7. Justice - Combines Investigation Act: Restrictive Trade Practices Commission	casual
8. Justice - Combines Investigation Act: Office of Investigation and Research	casual
9. Justice - Penitentiary Staff College	prevailing rate
10. Labour - Royal Commission on Employment of Firemen on Diesel Locomotives ... (C.P.R.) (appointed 17 Jan. 1957)	salaried
11. National Film Board (locally-engaged employees only)	salaried
12. National Health and Welfare - Immigration Medical Services	casual
13. National Health and Welfare - Sick Mariners Treatment Services	casual
14. National Health and Welfare - Food and Drugs	casual
15. National Health and Welfare - Civil Defence	casual
16. Public Archives	prevailing rate and casual
17. Royal Canadian Mounted Police (locally-engaged employees only)	salaried
18. Trade and Commerce - Exhibitions	salaried and prevailing rate

The review of statistics reported also led to a change in the treatment of employees "locally-engaged abroad". These are persons employed by the Canadian Government at posts outside Canada who are not in receipt of allowances pursuant to the Heads of Post Regulations, the Foreign Service Officers Regulations or the Foreign Service Employees Regulations and also are not contributors under Part I of the Public Service Superannuation Act. These were formerly included in the column "casuals and others" but have now been distributed according to type of employment, hence most are included in the "salaried" column, some in the "prevailing rate" column and the remainder in the "casuals and others" column. As a consequence, the statistics are somewhat different from those presented in the March, 1957 and previous reports.

Adoption of the new reporting forms and the resulting study led to a different treatment of employment in the following services:

1. Finance - Royal Commission on Canada's Economic Prospects: the majority of employees were formerly treated as "casuals and others", all employees are now treated as "salaried".
2. National Film Board: "casuals and others" employees will far exceed those previously reported with the inclusion of contract employment beginning with this report.
3. Legislation: Sessional employees formerly listed as "casuals and others" are now treated as "salaried" employees.

The Royal Commission on Broadcasting which went out of existence on March 31, 1957 has been deleted from this report.

The use of the term "salaried" in the present report is intended to end confusion which has resulted from the former use of the term "classified". The term "classified" is understood by many persons using these statistics to relate only to employees who are certified under the Civil Service Act, whereas the coverage as presented in this report includes many salaried employees whose positions are exempt from the Civil Service Act. "Salaried" as used in this report means all persons paid on the basis of a stated annual salary rate, with the exception of the group of government employees which are known as "ships' officers". The latter group are excluded because of their special treatment under the Financial Administration Act. Further explanation in this regard is presented on pages 24 and 25 of this report.

COMPARABILITY BETWEEN NUMBERS AND EARNINGS

The user of these statistics is advised to avoid making direct comparisons between the numbers of persons reported and the earnings reported, the reason for this being that numbers relate to the last day of the month wherever possible and otherwise to the final pay period of the month. Since in certain categories, especially casual employment, a very considerable fluctuation in numbers employed may occur during any month, it may be seen that a comparison between the earnings of all persons employed during the month and the numbers on strength at the end of the month would in many cases not be valid.

Further detail on methods of collection and other background information may be obtained by reference to the "Explanatory Notes" which appear on pages 23 to 26 of this report.

FEDERAL GOVERNMENT EMPLOYMENT STATISTICS

PART C

Explanatory Notes

The present statistics are the result of a monthly survey of Government of Canada employment published since April, 1952. During its period of publication this monthly report has had three different titles. In the period April, 1952 to August, 1953 it was known as "Government of Canada Employment and Payrolls". In the period September, 1953 to March, 1954 the report was known as "Federal Government Employment and Payrolls" and since April, 1954 the name of the publication has been "Federal Government Employment". The monthly statistical series replaces one formerly issued annually under several different titles the first of which was "Statistics of the Civil Service of Canada". This report was issued annually for the fiscal years ended March 31, 1925 to 1931. Combined reports with the above title were issued for the fiscal years ended 1932 to 1934; 1935 and 1936; and 1937 to 1939. The title of the report was changed to "Summary Statistics of the Civil Service of Canada". Reports under this title were issued in a combined form for the fiscal years ended 1940 to 1942 and for each of the fiscal years ended 1943 to 1948. The title was again changed to "Summary Statistics, Federal Civil Service Employment and Payrolls" for the year ended March 31, 1949. For the years ended March 31, 1950, 1951 and 1952 three reports were issued entitled "Federal Civil Service Employment and Payrolls".

These statistics are presented in a form which is intended to facilitate, among other uses, direct comparisons between (a) numbers employed as presented in this publication and (b) the number of positions established for each administrative branch of government.

The report is split into two main portions. Part A is composed of one table which presents the statistics of agency and proprietary corporations, and those of other quasi-independent government bodies. These are listed in a later part of this text. Part B consists of tables 2 to 7 which present statistics relating to departmental branches, services and corporations as listed in Schedules A and B of the Financial Administration Act plus the Auditor General's Office, Legislation (including the Senate, House of Commons and Library of Parliament) and the Privy Council (including the Privy Council Office and the Prime Minister's Residence). The information regarding departmental branches, services and corporations is summarized in table 2. Detail regarding these bodies is presented on the basis of a classification by function in tables 3 and 4 and administratively in tables 5 and 6 while table 7 gives details of overtime earnings by department. In all the tables in Part B totals shown exclude "casuals and others" which are presented separately.

The statistics relate only to civilian employees and members of the Royal Canadian Mounted Police Force (which being a semi-military organization are not considered as being civilians). Members of the Armed Services are excluded. Deputy Ministers are included in the staffs of Departmental Services but Ministers of the Crown and the Solicitor-General are excluded. For Boards, Commissions and other Agencies those members or officers serving on a full-time basis, and whose salaries are fixed accordingly, are included, whereas directors or board members, who are paid on a per diem basis, or who receive a nominal honourarium for their services are excluded.

A description of the sources of data and the bases upon which the information is submitted and prepared for use in these statistics is contained in the following outline:

PART A

AGENCY AND PROPRIETARY CORPORATIONS AND
OTHER QUASI-INDEPENDENT GOVERNMENT BODIES (TABLE I)

Statistics for this group of government bodies do not provide for any segregation between salaried and non-salaried employees and as a consequence the totals reported include all persons on strength during the final pay period of each month, including casual employees. The information shown in Table 1 is obtained in two ways. The Employment Statistics Section of the Dominion Bureau of Statistics provide information with respect to the following:

- (C) Atomic Energy of Canada Ltd.
- Bank of Canada
- (C) Canadian Arsenal Ltd.
- (D) Canadian Broadcasting Corp.
- (C) Canadian Commercial Corp.

- (D) Canadian National Railways
- (D) Canadian National (West Indies)
Steamships, Ltd.
- (D) Canadian Overseas Telecommunication Corp.
- Canadian Wheat Board

- (1) Name changed from Northwest Territories Power Commission effective August 14, 1956.

Statistics of a similar nature are received by special report from the following:

- (D) Canadian Farm Loan Board
- (C) Canadian Patents and Development, Ltd.
- (C) National Battlefields Commission
Office of the Custodian

Agency corporations included above are indicated with a (C) and Proprietary Corporations with a (D). These are as listed in schedules "C" and "D" of the Financial Administration Act. The remainder are the quasi-independent government bodies which, though not subject to the Financial Administration Act are considered as being Canadian Government organizations and their employees as employed by the Federal Government.

PART B

DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS (TABLES 2 TO 7 INCL.)

Salaried Employees (Formerly Entitled "Classified Employees")

The statistics shown in Tables 2 to 6 under the heading "Salaried" include all persons paid on the basis of an annual salary rate except "Ships' Officers" which, while paid an annual salary rate are subject to special treatment under the regulations made pertaining to the Financial Administration Act. These salaried employees are in departmental branches, services and corporations which are subject to the regulation of the Treasury Board and for which the positions are outlined in detail in the Estimates of Canada, or are established by means of supplementary Treasury Board Minutes.

Individual position records are maintained for the majority of salaried positions in the departmental branches and services of the Government of Canada. Because of an inevitable time lag in the routing of position and personnel changes through normal channels it is not always possible to include all of the changes in statistics for the month to which they apply. The count of employees for any given month, therefore, will not necessarily represent the number of staff on strength at the end of the month. Employee earnings, being based on annual salary rates, will not necessarily equal the actual amounts paid in salaries in any given month. These factors are not considered to be of such significance as to seriously affect the usefulness of the statistics. Permanent, temporary and term employees are all included in the salaried category and not attempt is made to prepare separate statistics on each.

In addition to the records maintained for the regular governmental services and departments, individual position records are also maintained for the following Boards, Commissions and Agencies:

- Agricultural Prices Support Board
- Air Transport Board
- Board of Grain Commissioners
- Board of Transport Commissioners
- Canadian Government Elevators
- Canadian Maritime Commission
- Canadian Pension Commission
- Civil Service Commission
- Dominion Coal Board
- Fisheries Prices Support Board
- Income Tax Appeal Board

International Boundary Commission
 International Joint Commission
 National Gallery of Canada
 Newfoundland Fish Board
 Office of the Commissioner of Penitentiaries
 Soldier Settlement and Veterans' Land Act
 Tariff Board
 Unemployment Insurance Commission
 War Veterans' Allowance Board

Individual position records are not maintained in the Dominion Bureau of Statistics for the following, and statistical data are submitted on reporting forms. Earnings for this group represent the total regular earnings paid to all persons employed during each month whether they were on strength at the end of the month or not:

Atomic Energy Control Board
 Defence Research Board
 Fisheries Research Board
 Citizenship and Immigration - Indian Affairs Branch -
 Teachers (Day and Residential Schools)
 Legislation
 The Senate
 House of Commons
 Library of Parliament
 National Film Board
 National Research Council
 Royal Canadian Mounted Police
 Royal Commission on Canada's Economic Prospects
 Royal Commission on Newfoundland
 Royal Commission on Employment of Firemen
 on Diesel Locomotives ... (C.P.R.)

All salaried persons who are "locally-engaged" abroad are reported on forms at the present time and position record cards are not maintained for each individual position.

Non-Salaried Employees (Prevailing Rates, Ships' Officers, Ships' Crews, Casuals and "Others")

Individual position records for these staffs are not maintained as is the case in connection with the majority of "salaried" positions. The Dominion Bureau of Statistics obtains data on the "non-salaried" staff by means of special reports based on payroll and other records. Since these reports are prepared on the basis of pay period they represent the actual amounts paid out to employees during each month. The ships' officers are included in the group of non-salaried positions even though they are in fact salaried employees. This latter group has been recorded separately from the salaried employee group owing to their special treatment under the provisions of the Financial Administration Act.

COMPARABILITY WITH FORMER SURVEY

The statistical series produced on an annual basis for the years 1925 to 1952 was intended to include only the number of permanent and temporary employees in the general administrative departments of government (this generally speaking included those coming under the Civil Service Act). The survey did not include a count of what were described as "non-enumerated" classes. Since there was a distinct variation in the interpretation by departments of what constituted "non-enumerated" classes there resulted differences between departments in the coverage of employees included in the annual series. The monthly series which commenced in April, 1952 includes groups of employees not formerly included as well as various government services not formerly covered and consequently the statistics should not be compared with the former annual series.

DESCRIPTIONS OF PRINCIPAL TERMS USED

1. Department: Also known as departmental services, departments are the named divisions of the Government of Canada as defined in the Financial Administration Act.

2. Crown Corporations: a Crown Corporation is a corporation which is ultimately accountable, through a Minister, to Parliament for the conduct of its affairs, and includes the corporations named as departmental corporations, agency corporations and proprietary corporations in the Financial Administration Act.
3. Departmental Corporation: a Crown Corporation which is a servant or agent of Her Majesty in right of Canada and is responsible for administrative, supervisory, or regulatory services of a governmental nature.
4. Agency Corporation: a Crown Corporation which is an agent of Her Majesty in right of Canada and is responsible for the management of trading or service operations on a quasi-commercial basis, or for the management of procurement, construction or disposal activities on behalf of Her Majesty in right of Canada.
5. Proprietary Corporation: a Crown Corporation which (1) is responsible for the management of lending or financial operations, or for the management of commercial and industrial operations involving the production of or dealing in goods and the supplying of services to the public, and (2) is ordinarily required to conduct its operations without appropriations from the Federal Treasury.

INTRODUCTION

For a complete description of the method of collection and statistics included in this series reference may be had to the report for April, 1957.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER QUASI-INDEPENDENT GOVERNMENT BODIES

Employment and earnings reported in table 1 summarizes the record of these organizations for the months shown.

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

The main change occurring in this group resulted from the general salary increase granted to most classes of salaried employees in the service effective May 1st 1957. Comparison with earlier earnings data for "Salaried" employees will indicate the effect of the increase. Most increases in numbers and earnings of Prevailing Rate and Casual staffs resulted from normal seasonal increases in these classes of employment by the various departments.

A study of the most recent statistics available for these branches indicates that approximately 80 persons employed as ships' officers and crews with some \$16,000 earnings, 200 prevailing rate employees with \$20,000 earnings and an unknown amount of casual employment would be involved. Steps have been taken to include reports for these offices as soon as possible.

FEDERAL GOVERNMENT EMPLOYMENT

June, 1957

Employment changes between May and June, 1957 are principally the result of seasonal increases and decreases in the staffs of various departments. The considerable drop in the Taxation Division of the Department of National Revenue was due to the annual lay-off of staff following the completion of income tax returns.

FEDERAL GOVERNMENT EMPLOYMENT

September, 1957

INTRODUCTION

A complete description of the method of collection and the statistics included in this series was given in the report for April, 1957. Wherever possible the numbers of persons employed, as published in this report, are based on a count of the number on strength on the final day of the month. In some cases, however, departmental reports give a count of the number of persons paid during the final pay period or on strength on the final pay day in the month. Since the published figure in the report normally represents the number of staff on strength on the last day of the month, data shown will not agree in some cases with figures released by departments since the latter are usually based on a count of the number of persons paid during the final pay period in the month.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER QUASI-INDEPENDENT GOVERNMENT BODIES

Table 1 summarizes the record of employment of these organizations for the months shown.

<u>Table 1</u>	<u>Number</u>	<u>Earnings</u>
September, 1957	154,622	\$48,919,000
June, 1957	153,378	\$47,421,000
September, 1956	156,244	\$47,660,000

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In Tables 2 to 6 inclusive employment data for the Department of Public Works was not available for certain services. These are:

- Public Building Construction and Services - Toronto (Prevailing Rate)
- Harbours and Rivers Engineering Services - St. John's, Nfld. (Ships' Officers and Crews and Casuals)
- Quebec (Ships' Officers and Crews and Casuals)
- Toronto (Casuals)

A study of the most recent statistics available for these branches indicates that approximately 80 persons employed as ships' officers and crews with some \$16,000 earnings, 200 prevailing rate employees with \$20,000 earnings and an unknown amount of casual employment would be involved. Steps have been taken to include reports for these offices as soon as possible.

FEDERAL GOVERNMENT EMPLOYMENT

September, 1957

Changes in the number of prevailing rate employees between June and September, 1957 is principally the result of seasonal lay-off by the Department of National Defence.

FEDERAL GOVERNMENT EMPLOYMENT

October, 1957

INTRODUCTION

A complete description of the method of collection and the statistics included in this series was given in the report for April, 1957. Wherever possible the numbers of persons employed, as published in this report, are based on a count of the number on strength on the final day of the month. In some cases, however, departmental reports give a count of the number of persons paid during the final pay period or on strength on the final pay day in the month. Since the published figure in the report normally represents the number of staff on strength on the last day of the month, data shown will not agree in some cases with figures released by departments since the latter are usually based on a count of the number of persons paid during the final pay period in the month.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER QUASI-INDEPENDENT GOVERNMENT BODIES

Table 1 summarizes the record of employment of these organizations for the months shown.

<u>Table 1</u>	<u>Number</u>	<u>Earnings</u>
October, 1957	150,893	\$48,988,000
September, 1957	154,622	\$48,919,000
October, 1956	154,324	\$49,728,000

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In Tables 2 to 6 inclusive employment data for the Department of Public Works was not available for certain services. These are:

Public Building Construction and Services - Toronto (Prevailing Rate)
 Harbours and Rivers Engineering Services - Quebec (Ships' Officers and Crews
 and Casuals)
 - Toronto (Casuals)

A study of the most recent statistics available for these branches indicates that approximately 25 persons employed as ships' officers and crews with some \$7,000 earnings, 200 prevailing rate employees with \$20,000 earnings and an unknown amount of casual employment would be involved. Steps have been taken to include reports for these offices as soon as possible.

FEDERAL GOVERNMENT EMPLOYMENT

October, 1957

Salaried employees in the Senate and House of Commons increased owing to the commencement of the new session of Parliament. The Department of National Defence also had increased salaried staff. The decrease in the number of prevailing rate employees occurred as a result of seasonal terminations of staff principally by Fisheries and Northern Affairs and National Resources. This report includes, for the first time, data on ships' officers and crews and casual employees of the Department of Public Works, Harbours and Rivers Engineering Services at St. John's, Newfoundland. The inclusion of this Branch is the main reason for the increases in the numbers of ships' officers and crews and casual employees.

FEDERAL GOVERNMENT EMPLOYMENT

November, 1957

INTRODUCTION

A complete description of the method of collection and the statistics included in this series was given in the report for April, 1957. Wherever possible the numbers of persons employed, as published in this report, are based on a count of the number on strength on the final day of the month. In some cases, however, departmental reports give a count of the number of persons paid during the final pay period or on strength on the final pay day in the month. Since the published figure in the report normally represents the number of staff on strength on the last day of the month, data shown will not agree in some cases with figures released by departments since the latter are usually based on a count of the number of persons paid during the final pay period in the month.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER QUASI-INDEPENDENT GOVERNMENT BODIES

Table 1 summarizes the record of employment of these organizations for the months shown.

<u>Table 1</u>	<u>Number</u>	<u>Earnings</u>
November, 1957	146,206	\$47,572,000
October, 1957	150,893	\$48,988,000
November, 1956	151,530	\$46,572,000

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In Tables 2 to 6 inclusive employment data for the Department of Public Works was not available for certain services. These are:

Public Building Construction and Services - Toronto (Prevailing Rate)
Harbours and Rivers Engineering Services - Toronto (Casuals)

A study of the most recent statistics available indicates that approximately 160 prevailing rate employees with \$25,000 earnings and an unknown amount of casual employment would be involved. Steps have been taken to include reports for these offices as soon as possible.

FEDERAL GOVERNMENT EMPLOYMENT

November, 1957

During November a number of Departments reported seasonal decreases in casual employment. The National Parks Branch of Northern Affairs and National Resources and the Unemployment Insurance Commission had increases in prevailing rate staff in the first case and casual help in the second.

FEDERAL GOVERNMENT EMPLOYMENT

December, 1957

INTRODUCTION

A complete description of the method of collection and the statistics included in this series was given in the report for April, 1957. Wherever possible the numbers of persons employed, as published in this report, are based on a count of the number on strength on the final day of the month. In some cases, however, departmental reports give a count of the number of persons paid during the final pay period or on strength on the final pay day in the month. Since the published figure in the report normally represents the number of staff on strength on the last day of the month, data shown will not agree in some cases with figures released by departments since the latter are usually based on a count of the number of persons paid during the final pay period in the month.

PART A - AGENCY AND PROPRIETARY CORPORATIONS AND OTHER QUASI-INDEPENDENT GOVERNMENT BODIES

Table 1 summarizes the record of employment of these organizations for the months shown. The decrease was largely due to a reduction of staff by the Canadian National Railways.

<u>Table 1</u>	<u>Number</u>	<u>Earnings</u>
December, 1957	141,029	\$44,898,000
November, 1957	146,206	\$47,572,000
December, 1956	150,217	\$45,961,000

PART B - DEPARTMENTAL BRANCHES, SERVICES AND CORPORATIONS

In Tables 2 to 6 inclusive employment data for the Department of Public Works was not available for certain services. These are:

Public Building Construction and Services - Toronto (Prevailing Rate)
Harbours and Rivers Engineering Services - Toronto (Casuals)

A study of the most recent statistics available for these branches indicates that approximately 160 prevailing rate employees with \$25,000 earnings and an unknown amount of casual employment would be involved. Steps have been taken to include reports for these offices as soon as possible.

FEDERAL GOVERNMENT EMPLOYMENT

December, 1957

Few important changes in the employment picture occurred during December with the exception of a large increase in the Casual staff of the Unemployment Insurance Commission. Earnings of casual employees declined despite an increase in numbers, this being due to the hirings and separations pattern which existed during the month. The reduction in Prevailing Rate employees occurred mainly in the National Parks branch of Northern Affairs and National Resources which had undertaken a special program of work during October and November to help alleviate unemployment.
